

The Staff and Governing Body welcome everyone back to school – with a special welcome to all new members of the school community. We hope that you all had a restful, yet exciting summer vacation.

There is another busy year ahead, which we hope will be happy and successful for your child. However, if you or your child do have any concerns, please do contact your child's class teacher.

I would like to thank parents/carers for their tremendous support of the school uniform. The children look very smart – a credit to the school and their families.

This is the first of this year's newsletters. You should receive a copy during the first school week of each month. Please check your child's bag and nag them if you don't receive them!

Construction work

As you may be aware there is construction work happening at school on the car park side of the school office. If the High

Street path to the office is blocked at any time please enter school from the playground.

Home-School-Child Agreements

Year 3 parents/carers should have received a copy of the school's Home-School-Child Agreements and Computer Contracts with the School Prospectus. Thank you to those of you who have returned these documents – please can we have any outstanding copies as soon as possible? Further copies are available from the school office.

We provide forms for Year 5 parents/carers to re-confirm their support of the school and its aims, by signing a copy of the Home-School-Child Agreement. A copy of the agreement accompanies this newsletter. Please read, sign (if you wish) and return it to school as soon as possible. (A reminder – this is not a legally binding document).

Visiting School

The school has a clear policy for adults visiting the school – please always firstly report to the school office.

First Day Absence

Since last year, we have been asking parents/carers to telephone the school on the first day of their child's absence. This has enabled us to ensure that all the children who have left home for school have arrived safely. I would like to thank all of you who have supported this procedure. If we are not aware of the reason for your child's absence, we will contact you. However, this is very time consuming and I would urge you to contact us, preferably before 8.30 am on 786041 or email us at absence@wykeregisjun.dorset.sch.uk

Tuck Shop

The school is no longer operating a tuck shop as we are now only permitting items of fruit and vegetable to be eaten at playtimes. I ask that all parents/carers support this healthy eating initiative. Children may still have crisps and snack bars as part of their packed lunch.

SAT's Week 2006

All of our children will be involved in Standardised Attainment Tests during the week beginning Monday 8th May 2006. We request parents/carers to do all they can to ensure that their child attends school during that very important week of tests. It would therefore be helpful if family holidays are not arranged for that week.
